Mr. Sufiyan Yunus Tambatkar

The Legacy

Mr. Yunus S. Tambatkar

Time is always changing and in the decade of 80s the entire world was changing, every business was growing and food industry was shaping up to enter into a new phase. The biggest problem for the expanding food Industries, especially the bakery and Confectionery industry was the short shelf life of the products and it was then young **Mr. Sufiyan Yunus Tambatkar** came up with an innovative solution which later became a product of best utility.

He came up with the idea of excellent and protective product display that would change the total outlook of the business parameters and it became the foundation of a new business called **Bombay SS Equipments Pvt. Ltd.**

Since inception in 1982, Bombay Steel Equipments under the guidance of **Mr. Yunus S. Tambatkar** grown exponentially to change the market perceptions of Display and showcasing in the ever-growing Bakery & Confectionery industry.

Yes! **Mr. Sufiyan Yunus Tambatkar** with his exemplary vision and business acumen has made path-breaking business propositions to become a major force in Display Counter, Hotel Kitchen Equipments applications and just from a small single unit manufacturing we have grown to a big premise with the latest technology and all in-house modern application to serve better.

"Giving a new fresh look and extended shelf life to the bakery & Confectionery Display products"
